

**CANDIDATE FOR GOVERNING BOARD MEMBER
HELENDALE SCHOOL DISTRICT, FULL TERM**

NAME: COLLEEN WOOLARD

OCCUPATION: Homemaker

I have been a resident of Helendale for ten years, and in San Bernardino County for a total of nineteen years. Within the next three to five years we are poised for more growth in Helendale with at least four thousand new homes. Unfortunately many parents feel they need to move out of Helendale when it comes time for their children to attend High School. We should give our children the opportunity not to be bussed to a lesser quality of school. Our community should be able to offer them a high school of their own in Helendale. We really need to look to the future and hopefully the near future to either a Charter School, or High School for the children in our community. Lets make sure the children of Helendale get the education they deserve. The children in Helendale along with others are our future, so lets give them what they need because nothing is too good for our children!
